

Reseller Launch Event

terapad.com

Monday 10th December – 10.30am to 5pm

[New Connaught Rooms](#), Covent Garden, London, WC2B 5DA ([Directions](#))

Overview:

There are over 4.5m Small Businesses in the UK all requiring a cutting edge web presence, but their expectations are high and their budgets are low. Many web designers are either turning away this business, or have come to accept the very low profit margins.

Terapad is the most cost-effective and most powerful online publishing solution on the market today. Using Terapad to create websites for small businesses is fast, cheap and easy. We want you to share in the success of the platform and have created the ultimate Reseller package which provides all the necessary tools for web designers to make decent profit from this growing market.

Event Details:

Terapad will be launching their Reseller Package at a special event in central London.

Terapad will be holding interactive demonstrations throughout the day. These seminars will be a chance to learn about the Terapad business development opportunity and hold individual discussions with Terapad staff.

Hands on demonstrations of the CMS will be led by Technical Director Stephan Tual every hour throughout the day so delegates can spend as little or as much time at the event as they like.

Managing Director Justin Dean and Marketing Manager Joshua Davidson will be at the event and keen to discuss with you the ways that Terapad can support your marketing and generate sales leads.

We look forward to meeting you there.

More Information:

Please visit our website at <http://www.terapad.com/resellers>

Places are limited so to reserve a space please register your interest as soon as possible.
